

## Green Charrettes

### **SHARE YOUR VOICE AND VISION to create a sustainable Mount Greylock building!**

A Green Charrette is an opportunity for the design team to meet with members of the community to share thoughts, ideas, and hopes for how to create a sustainably built high school. A Charrette — the French word for cart — is used by the design services community to describe any intense, on-the-spot design effort that takes place over a short period of time.

**Do you have ideas or examples of efficiency measures or other innovative design elements? Do you have a “wish list” of what you would like the school to include?**

Please come help make Mount Greylock a SUSTAINABLE building!

**July 22, 4:30-8:30PM Idea Generation Charrette** -. Mount Greylock meeting room

**July 23, 1-4PM Prioritizing Charrette** - Mount Greylock meeting room

Simple dinner will be provided.
