I'm going to tonight's city council meeting tonight at 7. Should be a good meeting... we've got the final vote on water rate increases, the latest on the animal shelter lawsuit and further talk of city subsidies of the megamall in Old Town. Take a look at the agenda, and tell me if I'm missing anything...

Just got off the phone with the mayor. She says this megamall thing is blowing up. The Old Town Business Association is not happy. They're threatening to sue the developer and the city for possible Brown Act violations. I'm reaching out to the association.

I like the megamall story. We got a couple phone calls into the main line this morning about the issue. Ask Gina for those numbers.
