

Investing Toolbox

Race to the Top Initiative

As venture capitalists, we seek to invest in companies that design for people, manage for trust and accountability, build products that benefit people fairly, and thereby grow sustainably.

Below we begin a draft list of evaluative, process and people tools for venture capitalists who seek to find and assess opportunities at the frontiers of privacy and identity.

EVALUATION TOOLS

- Race to the Top readiness questionnaire
- [Digital Data Worksheets](#)
- [OASIS Standards](#) checklist
- [Privacy by Design checklist](#)
- GDPR/CCPA compliant Privacy Policy Template
- Values and ethics statement

PROCESS TOOLS

- Lawfulness, Fairness, and Transparency checklist
- Data Ethics Impact Assessment
- Fairness/Equity/Bias Assessments
- Trust / Ethics Assessments
- Business stage assessment / Progression Matrix
- Data Protection Impact Assessments
- Disparate Impact in Automated Decision-making and Profiling Assessment

PEOPLE TOOLS

- Chief Privacy Officer in place
- Chief Information Security Officer (or similar function)
- GDPR Data Protection Officer
