

Downtown Brattleboro:

Our town was recently named one of the 20 Best Small Towns in America by Smithsonian Magazine. We've also been ranked as one of the nation's Top 25 Small Cities by American Style magazine, and one of the Top 10 Small Art Towns by author John Villani. So please enjoy our friendly shops, galleries and restaurants while you're here!

Getting around the conference:

We've made the breaks between sessions 20 minutes to allow enough time for "passing of classes" between Summit venues. And we'll be aiming to start and end sessions on time to make sure everyone can get from one place to the other. But keep in mind that the walk from Marlboro to the River Garden is about 10 minutes at a leisurely pace!

Restroom strategies:

Even with the 20 minute breaks, restroom lines can be a frustration. Here are some options: At the Marlboro Grad Center, there are men's and ladies rooms on every floor — so try the facilities on one of the floors above the first and second floor meeting areas. If there is a line at the River Garden, on the way back to the Latchis or Marlboro, try the public restrooms at Sam's and at the Brattleboro Food Coop. If you park at the municipal garage on Flat Street, there are restrooms at street level, in the bus waiting room, southeast corner.
